FORWARD

I am a firm believer that there is nothing more important than time spent around the family table.

It is not only where our family is nurtured, it is where dreams are born.

As a mother of four, I have always known this to be true, but I don't think I truly understood the impact our family meals had on my family until the day my oldest left for college. When asked what she would miss most about home, she responded, "The time we spend together in the kitchen. I can't imagine not being home on Sunday for dinner." Her words had such a profound effect on me. At that moment I realized that time around the family table meant as much to my children as it did to me.

We love shopping together at the farmer's market and coming up with new recipes around seasonal ingredients. In fact, it is our favorite thing to do on a Saturday morning. Shopping, planning recipes, cooking together and ultimately conversing around our kitchen table has become a tradition that our family looks forward to. Witnessing how our meals have shaped my own family, inspired the Sunday Supper Movement. Our mission is to bring back Sunday Supper around the family table in every home. It starts off as one day a week, but soon becomes a way of life.

It is such an honor to partner with American Family Insurance and work on this cookbook that brings together favorite recipes from employees, policyholders, and bloggers across the United States. American Family Insurance believes that building the next generation of dreamers starts at the family dinner table. That's the inspiration behind the Back to the Family Dinner Table Cookbook. We hope to inspire you to spend time around the family table. May you enjoy great food, meaningful conversations and dream big!

Pierogies

Submitted by: *Cindy Kerschner of cindysrecipesandwritings.com*

*There's an art to making homemade pasta. My Gram used to say,
"You need to know how to make 'em with your eyes shut!"*

Ingredients:

3 C. all-purpose flour,
plus 1 C. reserved
2 large eggs
1/2 C. water
4 C. potatoes, peeled, cubed
1 medium onion, sliced
2 C. (8 oz) shredded cheddar or
American cheese
Salt, and pepper to taste

Directions:

Filling:

To make filling, cover potatoes with water and boil for 10 minutes, add onions and continue boiling until potatoes are fork tender. Drain. Return to pot, add cheese and mash. Season with salt and pepper to taste. Set aside to cool.

Dough:

In a large bowl, add 3 cups flour, make a depression or "well" in the center and add the eggs. Slowly add water a little at a time, working into the dough as needed. Knead dough until soft and slightly sticky.

Cover bowl with damp towel and let dough rest 15 minutes. Sprinkle some of the reserve flour over the work surface and lightly coat hands and rolling pin. Divide dough into thirds and roll out until about 1/8-inch thickness. Sprinkle reserve flour as needed to keep from sticking. Use sparingly or excess flour will toughen dough. Dip a 3-inch diameter drinking glass, donut cutter or biscuit cutter into reserve flour. Cut out dough circles.

To Assemble:

Scoop about 1 teaspoon of filling onto the center of the dough circle. Lightly wet the outside edge of the dough with water. Fold the dough over the filling. Wet the edge of the outer rim of the dough. Start at one end and begin pinching the edge of the pocket shut. Be careful to keep filling off the seam. Seam should be about 1/4-inch wide. You can seal the seam with a fork if desired. Lay closed pierogie on lightly floured waxed paper. Cover with damp cloth. Repeat above steps with remaining ingredients. Bring 4 quarts of lightly salted water to a rapid boil. Carefully drop pierogies into boiling water. Nudge pierogies from bottom with a slotted spoon. Reduce heat and gently boil until pierogies float (approximately 5 minutes). Test one for doneness. Dough should be cooked through but not soggy. Remove pierogies with slotted spoon to a colander. Rinse with cold water to prevent sticking. Drain. Move to waxed paper to thoroughly cool.

You can then eat them as is, deep fry them, sauté in butter with onions, or freeze them for later!

Add the chicken and Red Hot® to the skillet and sauté for 3-4 minutes. Spread the pizza sauce over top of pizza crust. Sprinkle with the mozzarella cheese then top with the buffalo chicken mixture. Classic Spaghetti and Meatballs with Homemade Tomato Sauce

Submitted by: Courtney Rowland of neighborfoodblog.com

From simmering homemade tomato sauce to rolling meatballs, this is a meal that gets the whole family involved.

For the Sauce:

3 Tbsp olive oil
1½ C. chopped onions
1½ C. chopped carrots
4 Tbsp chopped fresh parsley
3 cloves garlic, minced
2 - 28 oz. can crushed or whole tomatoes, including the juice, or 1¾ pound of fresh tomatoes, peeled, seeded, and chopped
4 Tbsp chopped fresh basil
2 tsp tomato paste
1 Tbsp sugar
Salt and freshly ground black pepper to taste

For the meatballs:

1 C. milk
4-5 slices bread, crusts removed
2 lbs ground beef
1 lb Italian sausage
⅓ C. ricotta cheese
⅓ C. parmesan cheese
3 eggs
3 tsp Kosher salt
1½ Tbsp chopped fresh parsley
3 tsp black pepper
1½ tsp dried oregano
4 garlic cloves, minced
About 1 C. flour
¼ C. olive, grape, or vegetable oil, for frying

For the pasta:

1 16 oz box spaghetti noodles

Directions:

The easiest way to manage this recipe is to make sure everything is prepped in advance. This allows you to multi-task so that while the sauce is simmering, you can work on the meatballs, and so forth. Start by prepping all of your sauce ingredients - chop your carrots, onions, and parsley and mince your garlic and basil. Open your canned tomato and paste jars. This will make it much easier to handle the sauce while you're working on the meatballs. Heat a large skillet over medium heat, add oil, and add carrots, onions, and parsley. Toss to coat the veggies with the oil, then reduce heat to low, cover, and cook for 15-20 minutes or until veggies are softened. **At this point you can get started on the meatballs by mixing the bread crumbs and milk together – full directions are below***

Once the veggies are soft, remove the cover, add the garlic, and increase the heat to medium high. Cook the garlic until fragrant (about 1 minute) then add canned tomatoes, paste, and basil. Sprinkle generously with salt and pepper. Bring the mixture to a gentle boil then reduce heat to low and allow to simmer uncovered for 30-45 minutes while you work on the meatballs. Give the sauce a quick whirl in the blender or food processor for a smooth texture then return to the skillet.

Heat the milk in a small saucepan until steaming. Tear the bread into small pieces and add it to the milk. Stir until coated. The texture should be like a thick, wet paste. If mixture is too loose, add a few more bread pieces.

In a large mixing bowl, whisk together the ricotta, parmesan, eggs, salt, parsley, pepper, oregano, and garlic. Add the bread mixture and the meat then use your hands to stir together until a cohesive mixture forms. It doesn't have to look fully combined, it just needs to stick together. Form the mixture into the size balls of your choice and place on a parchment lined baking sheet. At this point, you can either place the baking sheet in the freezer, flash freeze for a few hours, then remove and place the meatballs in a freezer safe ziplock bag OR you can prepare to cook them.

To cook the meatballs, fill a bowl with flour. Dredge each meatball in a little bit of flour then place back on the baking sheet.

Continued on next page

Heat olive oil in a skillet over medium high heat. Carefully add the flour dredged meatballs to the pot and allow to cook until browned, flipping so both sides brown, usually 2-3 minutes per side.

Add the meatballs to the tomato sauce (which should be gently simmer over medium low to medium heat) and allow them to finish cooking in the sauce, usually 15-20 minutes depending on the size of your meatball. To check for doneness, remove one meatball and slice open. Make sure no pink remains in the middle.

While the meatballs finish cooking, boil your pasta water with a few Tablespoons of salt and cook your pasta to al dente. Drain and cover to keep warm or serve immediately.

Serve while everything is hot and steamy with a big green salad and garlic bread.

Hungarian Goulash

Submitted by: Constance Smith of thefoodiearmywife.com

Tender beef in a mildly sweet and tangy sauce served over noodles for a comforting meal.

A family favorite passed down to me from my mother.

Ingredients:

1 lb stew meat or round steak cut up
1 onion, finely chopped
3 cloves garlic, minced
2 Tbsp olive oil
3 C. water
1 C. ketchup
2 Tbsp brown sugar
1/2 tsp salt
1/2 tsp pepper
1 1/2 tsp paprika
1/2 tsp dry mustard
1/2 tsp tabasco sauce
2 Tbsp corn starch
1/3 C. water
Egg noodles

Directions:

In a large saucepan or Dutch oven, heat the olive oil and add the onion and garlic. Sauté them a bit until just tender. Scoop them out into a dish and set aside for a moment. Add in the beef and cook it until it is browned. Add the onion and garlic back in, along with the water, ketchup, salt, pepper, paprika, brown sugar, mustard powder and tabasco sauce. Bring it to a boil, cover and reduce heat. Crack the lid just a bit, and simmer on low for 2 - 2 1/2 hours. The longer you simmer it, the more tender the meat will be. When it is done, thicken the sauce by bringing the sauce to a boil, whisking the corn starch and remaining water together and adding in to the sauce. Let it cook for just a minute. Serve on cooked noodles.

Herb-Crusted Roast Beef

Submitted by: "DB" The Foodie Stuntman of crazyfoodiestunts.blogspot.com

I served this roast to my family last Christmas and it was very well received all around!

Ingredients:

1 beef cross rib roast, approximately,
5 to 6 lbs
2 to 3 sprigs fresh sage
2 to 3 sprigs fresh thyme
2 to 3 sprigs fresh rosemary
1/2 bunch fresh flat-leaf
Italian parsley
1 C. Kosher salt
1 Tbsp cracked black peppercorns
3 Tbsp extra-virgin olive oil

Directions:

Arrange your oven so your roasting pan will be in the lower one-third of the oven. Preheat the oven to 375°.

Complete the mise en place: Combine the sage, thyme, rosemary, parsley, salt, pepper and olive oil in a food processor and pulse until it forms a coarse paste. Place the roast on a rack in a large deep roasting pan. Cook the roast: Slather the herb rub onto the top and sides of the roast and place in the oven until the internal temperature in the center reaches 125°, approximately 2 hours. Once completed, transfer the beef from the pan to a cutting board. Tent the roast with aluminum foil and let it rest for 20 minutes. To serve, thinly slice the roast across the grain and place on a platter. *I reduced the salt in the herb paste by half, but the roast was still well seasoned.

Spicy Turkey Meatloaf

Submitted by: Rachel Wright of runnerstales.com

This recipe creates a delicious meal, plenty of leftovers, and is fun for the whole family.

For the Meatloaf:

2 lbs ground turkey breast
1 small onion, finely chopped
1/2 red bell pepper, finely chopped
2 cloves garlic, pressed or minced
2 tsp worcestershire sauce
2 eggs, beaten
3 oz tomato paste
1/2 tsp paprika
1/2 tsp cayenne pepper
1/2 tsp chili powder

For the Spicy Tomato Sauce:

1 C. chicken stock
3 oz tomato paste
1 small onion, roughly chopped
1/2 red bell pepper, roughly chopped
1 clove garlic
1/4 tsp paprika
1/4 tsp cayenne pepper
1/4 tsp chili powder
1-14 oz can diced tomatoes

Directions:

Preheat the oven to 350° with an oven rack in the center position. In a large bowl, combine the ground turkey, onion, bell pepper, garlic, worcestershire sauce, eggs, tomato paste, paprika, cayenne pepper and chili powder. Mix together until everything is combined and evenly distributed. Transfer the turkey mixture to a 9 x 13-inch baking dish and shape into a loaf in the center of the dish. The loaf should be about 5 to 6 inches wide and 2 to 3 inches high. Pour the Spicy Tomato Sauce (see recipe below) evenly over the meatloaf. Bake the meatloaf for 1 hour or until the internal temperature is 160°. (I used a meat thermometer to check the temperature.) Remove the meatloaf from the oven and allow it to rest for 10 to 15 minutes.

For the Spicy Tomato Sauce:

Pour the chicken stock, tomato paste, onion, bell pepper, garlic, paprika, cayenne pepper, and chili powder into a blender. Puree until smooth. Drain the diced tomatoes and add to the tomato sauce. Mix together until the diced tomatoes are evenly distributed.

2 or 3 chicken breasts, diced
Olive oil
Yellow squash

Butter lettuce

Pour chicken mixture into the pieces of butter lettuce and serve.

Coffee-Rubbed Ham

Submitted by: Sarah Ozimek of curiouscuisiniere.com

In this unique spin on a baked ham, a coffee rub adds a deep, smoke-cured flavor. Roasting a whole ham over the weekend is a great way to stock up on tasty, leftover meat for quick meals that can bring the family together during the week.

Ingredients:

4 Tbsp sugar
3 Tbsp ground coffee
3 tsp garlic powder
1 tsp red pepper flakes (omit if you have spice-sensitive family members)
1 tsp paprika
1 tsp black pepper
3 Tbsp yellow mustard
1 Tbsp molasses
1 fully cooked, bone in ham (9 – 12 lbs)

Directions:

In a small bowl, prepare the rub by mixing together sugar, ground coffee, garlic, red pepper flakes, paprika, and black pepper. In a separate bowl, whisk together mustard and molasses. Place the ham in a 9×13 baking dish (or roasting pan if it is too large). Score the ham deeply (up to 1”) by making diagonal cuts with a sharp knife. (This will allow the flavors of the rub to penetrate down into the meat.) Spread the mustard mixture all over the ham, getting as much into the cuts as possible.

Rub the seasoning mixture all over the ham, getting as much into the crevices you have cut as possible. Let the ham set overnight or up to 24 hours, refrigerated. When you are ready to cook the ham, preheat the oven to 325°. Cover the ham loosely with aluminum foil. Bake for 20 minutes per pound of your ham. (Our 9 lb ham baked for 3 hours.) Remove the foil after the first hour of cooking, which will create a nice crisp outer layer.

Sam says, "These ribs will fall off the bone. Don't forget plenty of napkins!"

Ingredients:

Rack of baby back ribs
Sea salt
Pepper
Garlic
Brown sugar (optional)
BBQ sauce

Directions:

Wash the rack of baby back ribs well. Place ribs on a double layer of foil and sprinkle with sea salt, pepper, garlic and a little brown sugar (optional). Wrap tightly in foil so no juice escapes. Place on baking sheet in the oven for 6 hours at 200°. Remove and open tinfoil carefully. Use your favorite BBQ sauce to cover the ribs on one side. I use Sweet Baby Rays Brown Sugar®. Either broil the BBQ-covered ribs in the oven or on the grill until the sauce is caramelized. CAREFULLY flip them over and coat the other side and repeat the caramelization process.

Asian Short Rib Tacos with Pineapple and Crunchy Slaw

Submitted by: Lori Yates of foxeslovelemons.com

Lori says, "Growing up, my parents had homemade tacos for dinner every Saturday night, a tradition my husband and I carry on today. These tacos are a twist on that classic recipe."

Ingredients:

1 Tbsp canola oil
3 lbs bone-in short ribs
3 cloves garlic, minced
1 can (14.5 ounces) beef broth
1/2 C. gochujang (Korean chili paste)
1/4 C. rice vinegar, divided
2 Tbsp ketchup
1 Tbsp honey
2 tsp grated fresh ginger
1-1/2 C. shredded carrots
1/4 C. cilantro leaves
12 small flour tortillas, warmed
1 C. chopped fresh pineapple
Sesame seeds, for garnish

Directions:

In a large skillet, heat oil over medium-high heat. Add short ribs and cook 8 minutes or until very brown, turning every 2 minutes to brown all sides. Meanwhile, in a slow cooker bowl, whisk together garlic, broth, gochujang, 2 Tablespoons rice vinegar, ketchup, honey and ginger. Add short ribs, turning to coat. Cover and cook on low 8 hours or on high 4 hours. In medium bowl, toss carrots, cilantro and remaining 2 tablespoons rice vinegar until combined. When short ribs are finished cooking, remove from slow cooker. Remove bones and any visible un-rendered fat. Coarsely shred meat. **The meat should be very moist and can be eaten as is. However, if desired, separate the drippings from the fat remaining in the slow cooker bowl. I use a gravy separator for this. Alternatively, you can pour all liquid remaining in the slow cooker bowl into a large measuring cup and refrigerate 20 minutes. The fat should come to the top, and you can easily skim it off and discard. Use a few tablespoons of the meat drippings to stir into the meat. Build tacos using tortillas, pineapple, meat and carrot slaw. Serve garnished with sesame seeds.

Pork and apple flavors combine to make a wonderful meal. Leftovers are great for sandwiches and so much more. This is one dish your family will continue to enjoy time and time again!

3 to 3 1/2 lb boneless pork roast
(loin end)
2 Tbsp canola oil
2 1/2 C. apple cider

Add apple cider, onion, salt, and pork to the Dutch oven. Bring to a boil then reduce heat to simmer. Cover and simmer until meat is tender, about 2 to 2 1/2 hours. Remove pork and place on a cutting board. Let rest for 10 to 15 minutes. Slice and place on a serving platter. Cover with foil to keep warm.

Core apples and cut into wedges. Cut dried apricots in half (if not already in pieces). Add apples, apricots, cardamom, and cinnamon to the Dutch oven. Bring to a boil then reduce heat to simmer. Cover and simmer until fruit is tender, about 5 minutes.

Use a slotted spoon to transfer apples and apricots to the serving platter. Re-cover with foil to keep warm until serving. Bring the juices in the Dutch oven to a gentle boil and cook until reduced to 1 cup, about 7 to 10 minutes. Spoon cider sauce over meat and fruit or serve on the side.

Barbara's Chicken and Dressing

Submitted by: Barbara M.

Barbara says, "This has become a family favorite. We like it layered because it keeps the chicken tender - always moist and never dried out. Wonderful flavors!"

Ingredients:

1 can cream of mushroom soup
1 can of cream of celery soup
(or cream of chicken)
1 16 oz bag of Pepperidge Farm®
stuffing mix - (White & Wheat - not
the Cornbread)
1 boiled chicken - save broth -
(cut/tear chicken into small pieces -
do not put into the stuffing mixture)
1 stick of margarine, melted
1 medium to large onion, diced
3 eggs, beaten
Salt to taste

Directions:

Preheat oven to 350°. Mix eggs, soups, margarine and onion. Add stuffing mix and start adding the broth and mix well. Add broth until the mixture is very moist. It will absorb the broth so I usually wait about 10 minutes and if it still isn't moist, I add some more broth and stir some more. Grease a 9x11 casserole dish with margarine. Put a layer of the dressing mixture in the bottom of the dish. Add your chicken pieces next. Put the rest of the dressing mixture as the top layer. Bake for 1-1.5 hours. A toothpick inserted in the center should come out clean when it's done.

Portuguese Spicy Pulled Pork

Submitted by: Isabel Laessig of familyfoodie.com

Warm, savory and comforting. The Portuguese spin on this recipe makes it out of this world!

Ingredients:

4 1/2 lbs pork butt
1/4 C. brown sugar
1/4 C. paprika
1 Tbsp onion powder
1 1/2 Tbsp garlic powder
1/2 tsp salt
1/4 tsp black pepper
1/2 C. red pepper paste or puree
1/2 C. white vinegar
1/2 C. brown sugar
Salt and pepper

Directions:

Cut the pork in half lengthwise for more surface area for the spice rub. In a small bowl, mix together the paprika, brown sugar, onion powder, garlic powder, salt and pepper. This is your spice rub. Massage the spice rub all over the pork. Make sure you cover the entire surface of the pork pieces. Work that rub!

Wrap each piece of pork tightly in plastic wrap. Make sure it's wrapped well because there will be leakage. Refrigerate the pork overnight. To make the sauce: in a small bowl, whisk together the red pepper paste, vinegar, brown sugar, and season with salt and pepper. Make sure the sauce is well blended. Unwrap the pork and place the pieces in the slow cooker insert. Pour the sauce over the pork. Set on high for 5-7 hours or on low for 9-11 hours. Check on the pork. You'll know it's done when it's fork tender. Once it's done, with a slotted spoon or tongs, scoop the pork into a 9×13 baking dish. Let the remaining sauce in the slow cooker settle for about 5-10 minutes. In the meantime, you can pull apart the pork with 2 forks. It should pull apart pretty easily at this point. Cover loosely with foil.

With a large shallow spoon, degrease the sauce. Skim the grease from the top and discard. Once you've taken as much grease out as possible, pour the sauce over the pulled pork. Toss the pork until well coated. Generously spoon pork onto rolls and enjoy!

Chicken and Dumplings

Submitted by: Shannon Cole of countrygirlinthevillage.com

The ingredients of this comforting dish are fresh and flavorful, but the real reward is spending time with my family preparing it.

Ingredients:

1 cooked chicken (shredded - you can use rotisserie chicken if you wish)
5 carrots (peeled and chopped)
1 small onion (diced)
1/4 C. celery (chopped)
4 C. chicken broth
1 tsp poultry seasoning
1/2 tsp cayenne pepper
Salt and pepper (to taste)
Olive oil (to sauté your veggies)
3 Tbsp half & half
(for finishing the broth)
1 Tbsp butter (to finish the broth)
1 C. all-purpose flour (for dumplings)
1/2 tsp baking powder
1 Tbsp sugar
1 Tbsp white corn meal
1/2 C. whole milk

Directions:

Sauté veggies in a hot soup pot/Dutch oven. To the softened veggies, add in your chicken broth and seasoning. Bring to a simmer. Add your cooked chicken. I like to dice mine, but shredded works just as well. Let simmer uncovered on your stove top for half an hour. In a separate bowl, mix your flour, baking powder, corn meal, sugar and salt. Then, slowly pour in your milk. You want your dough to be sticky, almost biscuit-like. Using a teaspoon, spoon the dough into the broth. The dough will plump up and float as it cooks. Stir occasionally to keep the dough from sticking together. Once I am ready to serve my chicken and dumplings, I stir in the half and half, and the butter. This is a great way to finish the broth. Be sure to taste frequently and adjust the salt and pepper to your taste.

16 oz frozen mixed vegetables
4 C. water
1/4 C. butter
1 1/2 - 2 C. diced cooked ham
(leftovers are ideal)
1 small onion
1/4 C. flour
1 1/2 C. milk
2 C. grated sharp or extra sharp
cheddar cheese
1 tsp salt
1 tsp pepper
1 tsp thyme
Extra shredded cheese for topping

Directions:

To begin, cut up the potatoes into 1 inch pieces. Toss the potatoes into a Dutch oven along with the frozen mixed veggies. Add about 4 cups of water – just enough to cover the veggies. Bring the contents to a boil, reduce the heat and cook on medium heat until the veggies are just done. While the veggies are cooking, in a small sauce pan, melt the butter. While it is melting, finely dice a small onion, and dice up about 1 1/2 – 2 cups of your leftover ham. When the butter is melted, toss in the onion. Let it cook in the butter for a couple minutes, until it is tender. Stir in the flour. Cook for just a minute. Whisk in the milk. Cook it over medium heat, stirring continually until it comes to a boil. Reduce the heat as low as it goes. Stir in the shredded cheddar cheese. Stir until the cheese is melted and then pour it into the Dutch oven with the cooked veggies. Stir in your cooked, diced ham, the salt, pepper and thyme. Cook for a few more minutes until the ham is heated through. Serve with some extra shredded cheese on top.
